## **If you *COULD* stay in your home, *WOULD* you want to?**

As an Accredited Senior Agent, I have learned of many programs and options available to assist seniors in staying in their homes. These options range from government assistance for home adaptations to in-home services and many more. As the need for these programs grows, so do the offerings; because things are constantly changing, you need someone on your side who is constantly in tune with these programs.

Call me today & *let's set a time to talk about your options in staying in your home.*
